CONFIRMATION

We herewith confirm that Dr. Klaus Tritscher, born on April 11th, 1961, in his virtue as Technical Head of the Unit „Environmental Services“ has acquired and successfully implemented the contract for the elaboration of a Regional Masterplan to Modernization of the Municipal Waste Management for five regions in Libya:

The mayor facts of that contract are as follows:

- Country: Great Socialist People's Libyan Arab Jamahiriya
- Employer: General People's Committee of Utilities
- Content of Services: Operational, technical, economic and financial Masterplan for the Modernization of the Municipal Waste Management incl. cleaning of streets and public areas
- Time-period considered: 20 years (until 2030)
- Enclosed Districts: Sirte, Al-Wahat, Ajdabiya, Al-Jufrah, Al-Kufrah
- No. of Inhabitants: approx. 620.000
- Total Contract Value: EUR 1.000.000
- Period of Work: May 2009 – Oct. 2009

The contract was mostly acquired and negotiated by Dr. Tritscher alone. The work was performed under his guidance and supervision with the support of a team of experts, constituted by him. Furthermore Dr. Tritscher was responsible for the presentation and acceptance of the master plan at the respective Libyan authorities in Oct. and Nov. 2009.

We sincerely congratulate Dr. Tritscher to this success.
